REMARKS:

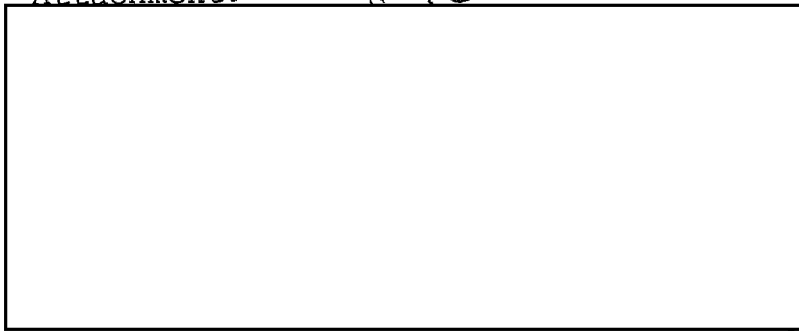

The attached went to Angus Thuermer, but I wanted to be sure that you have seen it. "World in Action" is a program of the United Kingdom's Grenada TV network. This particular documentary was filmed and produced by a crew of ideological leftists doctrinally hostile to the U.S. and all its works. On the basis of a tip from Sullivan, we warned Vientiane, [redacted] and Saigon that the Grenada crew was en route to Indochina to do an anti-[redacted] program. The result seems to have been precisely what we expected.
